Pre2000. We are adding a "Pole Position Award" in 2024

Special provisions:

During training and races, yellow rotor flashing will be used instead of the yellow flag. All drivers must drive with an AMB transponder that is functional throughout the event. When registering, you must state which transponder number is being driven with. An aftershock must not be used.

It is possible to rent transponders, but only in limited numbers.

Lubricant:

With lubricants and the like, there is free choice, however, oils must be homologated, or have been.

Minimums alder: Pre 2000/Pre 2000 Plus. 18år

As a result of force majeure, rain, environmental conditions or other factors, the race leader may shorten the heat lengths, or cancel a heat due to one of the above.

Evening event:

In connection with Classic Grand Prix - Vojens, this year Vojens Motorsport Arena has arranged a very special evening at P1 Bistro where we offer a good evening with dinner and cold drinks.
